

# The Smart BIO Block

We understand the importance of sustainability in our industry, and we care about the effects our products have on the environment. Our NEW Smart BIO Block offers a responsible solution for lameness, without the uncomfortable and fast-wearing effects of a wooden block. BIO's are made from 100% biodegradable & compostable material, double-sloped, and are dye-free & available in 2 sizes.

**BIO = BIODEGRADABLE**

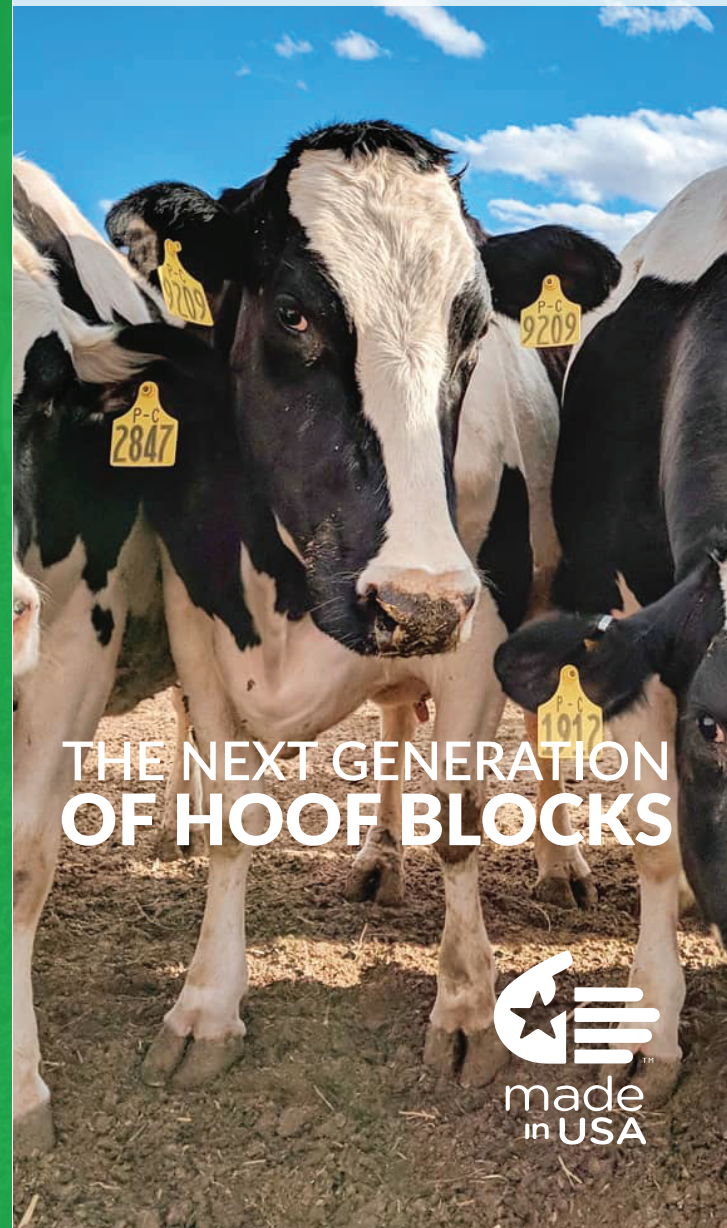

## PREMIUM PRODUCT AFFORDABLE PRICE

When you buy THE SMART BLOCK, you are supporting American small businesses and keeping manufacturing jobs close to home. We take great pride in our manufacturer's commitment to providing jobs to individuals with special needs in Fort Collins, Colorado. Every Smart Block that rolls off the line is personally inspected by one of Technical Molded Products' quality control experts, and they ensure perfection in every one of our blocks. Feel good about buying a premium product with premium standards- **BUY AMERICAN MADE!!**

**THE NEXT GENERATION  
OF HOOF BLOCKS**

## The Smart Block PINK

### ECO = ECONOMICAL

We condensed and tweaked all the best features of our Original Smart Block to bring you the best of both worlds in our NEW PINK Block design- QUALITY at an AFFORDABLE PRICE. PINKS boast an innovative double-slope to provide maximum lift from injury- while using a thinner block. PINKS are universal, come in 2 sizes -Large & Small, and are ideal for treating any level of lameness issue.

## THE BEST SOLUTION for moderate to severe lameness

## The Smart Block

The SMART BLOCK is the original block made for ultimate cow comfort, and was meticulously designed for optimal and accelerated healing. Our premium, flexible, and durable material makes The SMART BLOCK slip-resistant, and provides superb shock-absorption to ensure relief and comfort to your lame cow while she heals. The SMART BLOCK is proudly Made In The USA and is Manure Pump friendly.

## THE SMART SOLUTION for thin soles & minor lameness

The SMART THINS are the most comfortable hoof block solution for treating cows with thin soles or minor lameness issues. The THINS boast a double-slope design to provide optimal support and lift from any injury, and are made out of our premium, non-slip material to ensure comfort and safety when walking on concrete. SMART THINS were especially designed for cows in a high-wearing environment.
